

Cave Diver 1+2 COMBINED course (CD2, Cave Diver)

Remark: Due to the fact that most caves in Switzerland do not have a real cavern zone, which is worth diving, we offer this combined course, terminating with a SCD/CMAS CD2 certification.

It is our most popular course and offers the most benefits to the cave diver who wants also to be active in Switzerland!

Training objectives

As for **CD2**

Course program (content)

- 1 day theory classroom (approx 8 hrs)
- 1 day practical exercises in a lake (3-4 dives, overall dive time approx. 3 hrs), with min. 1 dive in overhead environment
- 1 day practical exercises in the cavern zone of a cave (2 dives of 20-30' ea.)
- The required dives until certification to gain experience (5 dives in zone 1 in min. 2 different caverns since CD1) are integrated in the course (practical part in France).
- France: 6 days practical exercises (10 dives in the cavern and cave zone of at least 4 caves)
- Switzerland: 4 days practical exercises (min. 6 dives) in the cavern and cave zone of at least 3 caves)
